

To Whom It May Concern:

Devin did a fantastic job of using magic and humor to entertain and inspire our whole team at our Hallmark Finance Leadership Forum. Devin's message to our Finance Leaders was clear; **find your strengths and your "magic" and then share it!**

Devin's ability to connect with our attendees was perfect, as they were mesmerized through his entire presentation. **The message he delivered to our business colleagues was priceless in today's business world in that we all should remember to treat others with respect and kindness in order to be successful.** Our attendees continue to talk today about how Devin's magic was amazing and contemplate "how did he do that"?!

Devin was the easiest person to work with and made a point to customize his presentation to fit our company and forum needs. He has presented to Hallmarkers numerous times to date, and I am sure he will continue in the future for more great fun!

Sincerely,

Traci Haarmann
Internal Audit Manager
