

Devin Henderson
Magic Entertainment LLC
Kansas City

Dear Devin,

Wow! Thank you for being our keynote speaker at our Annual Junior Leadership Forum again this year. As always, you were a hit!!!

Over one hundred sophomore high school students attended the leadership training. It was a great day and we received positive feedback from the students regarding the entire event -- but the outpouring of enthusiasm for you and your mentalist act was unrivaled! I must admit, I cannot fathom how you do what you do, but it is amazing and entertaining! You not only put on a great show, you kept it relevant to the topic. I also love how you relate so well to the students.

I sincerely hope you can join us again next year. You are starting to make quite a name for yourself!! The students and high school counselors are now requesting you as our one and only keynote!

After the event, I had four people ask about you and the possibility of you doing a presentation, show, entertainment, etc. at their school or business. I shall pass on your information with the highest of recommendations.

Again, thanks for everything. It was great seeing you again!!

Sincerely,

Lynsey
