Devin,

Thank you so much for presenting your “Schmooze’em of Lose’em” program for our Kick-off Business Meeting for my sales associates and staff and also for attending our office Holiday Party at my home!

I have received such positive feedback from both of your presentations! My associates were delightfully entertained, inspired and motivated! Everyone stayed through the entire program...which is unusual in our industry! The real estate industry is about building and maintaining relationships and your presentation really brought that message home! My office is still talking about it weeks later!

I wish you continued success and hope to see you again soon!

Sincerely,

A handwritten signature in cursive script that reads "A. Fred Perry".
