

To Whom It May Concern:

As the current chairman of the Texas, Oklahoma & Arkansas (Cornerstone) Credit Union League's Lending council committee, it was my team's responsibility to book speakers for our annual conference. Being on this committee for the past four years, I have been very active in finding keynote speakers and breakout session speakers for each year's annual conference. We have had some great speakers and we have had some speakers that really didn't work out the way we wanted.

I can tell you Devin Henderson was exactly what we wanted and needed! We used him as the closing keynote speaker for our recent annual conference held in Galveston, Texas. I told Devin going into the session that I wanted more entertainment and laughter than just a motivational speech. I was very pleased with how he used his illusionist skills, pick pocket skills and overall humor to deliver the entertainment and laughter I requested while still leaving the audience with an inspirational message of how to find the funny when life is hard.

Our audience was made up of professional financial lenders, both male and female, from 30 to around 60 years old. I had several attendees tell me after the conference they really liked Devin's presentation. I would highly recommend Devin Henderson's presentation for any group that is ready to laugh, be amazed and is wanting to come away with an awesome message about how to look at life.

Sincerely,
